for the guidance they gave that we would follow the "right road", for their patience when we "just forgot", for their sympathy when things "went wrong", for their help with the problems we faced, for all the little things we took for granted, and for all the love and time and worry they gave, we here express our appreciation

CLASS PROPHECY

I had been living on Mars for a number of years, ever since I first came on one of the early rockets. Very soon after my arrival I became the benevolent ruler of this planet that is nearest the earth.

One day a special rocket from earth arrived with an invitation to the annual alumni banquet at my dear old Haskins High. It seems it was the 30th anniversary of our graduation, and since I had not been back in those 30 years I decided to return.

A few days later I took off in my private space ship for Haskins, Ohio. You can imagine my surprise when looking out the window of my ship, I saw a huge ultramodern metropolis below me. The ship landed at the space-ship landing port, and I began to ask questions to find where things were. I learned, much to my surprise, that in Haskins was a great university with an enrollment of 75,000 students. Haskins was also a city noted for its great beauty and ultramodern architecture.

I decided that first I would meet the president of this university that he might enlighten me further. When I reached the building of the office of the president, I was immediately ushered into his private office. I almost fell through the floor when I discovered who it was. It was my old classmate, Bob Bringman. Adjusting his monical, this great man told me of his achievements. He told me he was famous for having established "The Happy Home", a new type of high school which requires no teachers. He said I must meet some of the staff.

First, he called in the head of the English Department. He said that she was noted for her creation of a new shortened version of the English language. Who should walk in but Joanne Eeckel.

Second, was the head of the Biology Dept., and I ran into Joyce Grolle. She said her latest achievement was a mechanical means of producing plant life.

Third, he took me to meet the head of the speech department. He said she had never laughed since she graduated from school. To my surprise it was Alice Snyder.

Fourth, he called into his office the head of the Political Science Dept., and guess who entered, Sandra Binger. She told me she had been with the university since the end of her second term as president of the United States.

Next, he called in two more of my old classmates who were also heads of departments. They were Mary Bobel and Jean Ovitt. Mary told me that she was head of the Math Dept. and now considered greater than Einstein. She calculated the binding energy of the deuteron. Jean Ovitt informed me that she was heading the Physical Culture Dept. She had become universally famous for her swimming. Her latest record is from San Francisco to Honolulu.

I asked them to direct me to a hair dresser and who should it turn out to be but Bill Garrett. He is known as "Henri" and has a shaved crown hair-

do as his specialty. His signature is seen in the hair.

Who should come in during my manicure but Jean Wehl and her escort, Bill Fox. She said she has made millions on her waterproof match. She said she has had three husbands a year in the past thirty years.

Bill Fox said he is now known as the best dressed actor in the universe and is the greatest interplanterian lover.

I have spent a very interesting day in dear old Haskins and am now on my way home to Mars.

CLASS HISTORY

In the fall of 1952, the curtain opened with sixteen members in the cast. Our director, for this first exciting year of school, was Miss Doris Obenour. Those composing the cast were Sandra Binger, Sandra Myers, Evon Myers, Eugene Brown, Freddie Peterson, Mary Bobel, Jean Wehl, Charles Konrad, Mary Vykopal, Bill Garrett, Jean Ovitt, Bill Fox, Alice Snyder, Art Michaelis, Joanne Eckel, and Herbert Peters.

When the second year of school began, Mrs. Shepard, the former Miss Obenour, was again our director. Bob Bringman and Loran Shunk joined us this year, and we lost Herbert Peters, Freddie Peterson, and Charles Konrad.

Our third year of school was about the same as the second year but with Miss Asmus as the new director. No actors were lost but we had gained Barbara Ballard.

The fourth year, Miss Asmus was again behind the desk. We found that Robert Debbe was with us.

Mrs. Bengston was found directing us for the fifth year. Robert Debbe moved to Neapolis where he will graduate this year, and Loran Shunk, Barbara Ballard, and Mary Vykopal moved to Toledo while Joyce Grolle had joined the cast.

In the sixth grade, with Mrs. Bengston still directing, we found we had lost Art Michaels, who moved to Tontogany, where he will graduate this year, but had gained Tom Stewart, Marilyn Mettert, and Lola Graam. As the curtain fell, everyone was happy and nervous for the trip which would take us upstairs into Junior High.

When the curtain rose for Act II, it was found that two members had left us while four others had joined the cast. They were: Lola Graham and Marilyn Mettert, who left; and Kevin Enright, Charles Shufelt, Tom Morlock, and Bob Boso, who joined. During the year Shirley Smith joined us. Our sponsor for the first scene was Mrs. Moore.

At the beginning of the eighth grade we found we had Mr. Van Atta for our sponsor. As the curtain fell on the second act it was found that none of the actors but Bob Boso had left us.

As the curtain went up for Act III, everyone was very nervous. This was the big step into high school. This year, four actors joined the cast. They were Carol Fretter, Jean Patterson, Mary Whitmore, and George Nicholson. We were allowed four parties this year under the direction of Mrs. Hof. The Sophomores initiated us into high school. Chuck Shufelt, Tom Morlock, and George Nicholson left us.

As the tenth grade rolled around we found that we were missing four: Jean Patterson moved to Waterville, Mary Whitmore to Maumee, Sandra Binger to California. During the year Tom Stewart was killed in a baseball accident.

When time came for us to begin the eleventh grade, two more actors were missing: Sandra Myers and Eugene Brown. This year we gave the play "Hillbilly Weddin' " under Mrs. McClelland, who was our sponsor. Sandra Binger joined us on the first of May. We gave a dance and sponsored the Junior and Senior Banquet at the Toledo Women's Club on May 1.

When our last year rolled around, the cast was almost as nervous as they were when they were freshmen. This year we found Evon Myers, Kevin Enright, and Shirley Smith gone. We gave the play "The Dafy Dills" under the direction of our sponsor, Mr. Griffith. We gave dances, an ice cream social, bake sales, and suppers to earn money for our trip. The Juniors honored us with a banquet.

As the last curtain falls, some find they are very sorry to be leaving. The cast is now composed of: Jean Wehl, President; Carol Fretter, V. President; Sandra Binger, Treasurer; Joanne Eckel, Secretary; Bill Garrett, Reporter; Mary Bobel, Jean Ovitt, Joyce Grolle, Bob Bringman, Alice Snyder, and Bill Fox.

We would like to thank everyone who helped make it possible for us to complete these twelve years of our education.

FAREWELL H. H. S.

As we near the close of the last act we think back over the swiftly passing school days. The class plays are history now; the class fund is at last bulging; and the struggle to pass is over. We now remember with laughter the things that once filled us with fear. The work and fun is over. We look to the future, separating, no longer one crowd. So with feelings of both joy and sadness the curtain falls on the last act of our school days and we close the Crigo for 1954.
